|-----------------------------------------|---------------------------------------------|
| Bezeichnung / description / description | Motor 22 kW, 2-polig, 180M, V15, 50Hz, 400V |
|-----------------------------------------|---------------------------------------------|

**Motordaten / motor data /
conditions de moteur**

| | | |
|-----------------------------------------------------------------------|-------|--------------|
| Motortyp Motor type Motor type | 0 | A180M211V150 |
| Bauform Type of construction Forme de construction | | V15 |
| Baugröße Size Taille | 0 | 180M |
| Polzahl Pole number Nombre de pôles | | 2-polig |
| Motordrehzahl Motor speed (RPM) Vitesse moteur (1/min) | 1/min | 3000 |
| Motorbemessungsleistung P2 Rated power P2 Puissance nominale P2 | kW | 22 |

| | | |
|--------------------------------------------------------------------------------|----|--------|
| Wicklungsspannung Motor winding Bobinage moteur | V | 3x 400 |
| Frequenz Frequency Fréquence | Hz | 50 |
| Schutzart Protection class Degré de protection | | IP55 |
| Effizienzklasse Energy efficiency rating Classe d'efficacité énergétique | | IE4 |
| ATEX ATEX ATEX | | ohne |
| Kaltleiter PTC PTC thermistor thermistance CTP | | |

**Weitere Informationen / further information /
informations complémentaires**

| | | |
|-----------------------------------------------------------|--|--------|
| Hersteller Manufacturer Fabricant | | KSB AG |
| Baujahr Year of manufacture l'année de construction | | 2013 |

| | | |
|----------------------------|----|-----|
| Gewicht Weight Poids | kg | 157 |
